

# Junior Frontend Developer (m/w/d)

Join Our Visionary Project and Rock the Remote World! (Europe)

Hey you! Yes, you! Are you ready to showcase your talent as a Frontend Developer and join us in shaping an **exciting project**? **If you're just starting out in the world of software development and are looking for an opportunity to take on responsibility and make a significant impact, then you've come to the right place!**

## <!YourFuturePlayground>

- Create stunning user interfaces with **VueJS 3**
- Develop and optimize our web apps using **TypeScript**
- Collaborate with backend developers and other creative minds in our remote team
- Dive into the world of **iOS and Android development** and take our apps to the next level

## if(YourSkills)

- You have gained the necessary knowledge in the field of computer science through education, a degree, or self-study
- You have some experience with **VueJS 3** and are eager to learn more
- You're familiar with **TypeScript, iOS, and Android development**

## get(WhatYouExpectFromUS)

- The unique chance to be part of an exciting and innovative project – no matter where in Europe you are
- **100% remote workplace** with regular virtual team meetings
- Room for personal growth and creative expression
- Flat hierarchies and fast decision-making processes
- Flexible working hours
- Attractive remuneration and cool benefits

Are you ready to rock the frontend world and take our project to the next level? Let us know who you are and what drives you! Just send an email to [info@fahrschulcockpit.de](mailto:info@fahrschulcockpit.de) with your CV and a few lines about why you're the right person for our team. You can also send us a short video introducing yourself and telling us about your skills and experiences. We're excited to meet you and achieve great things together! Remember, we're particularly interested in connecting with talented individuals from Eastern and Southeastern Europe. We understand the unique cultural backgrounds and believe that this diversity will bring valuable perspectives and ideas to our team. So don't hesitate, join us in our quest to revolutionize the software development world!
