# Senior Frontend Developer (m/w/d)

Unleash Your Creativity and Shape the Future of Our Visionary Project! (Europe)

Hey you! Yes, you! Are you an experienced Frontend Developer with a passion for creating outstanding user experiences? Do you want to be part of an **exciting project** and make a significant impact while working with a dedicated and diverse team? **If you're ready to take charge and showcase your skills, then you've come to the right place!**

## <!YourFuturePlayground>

- Master the art of crafting stunning user interfaces with **VueJS 3**
- Develop, optimize, and maintain our web apps using **TypeScript**
- Collaborate with backend developers and other creative minds in our remote team
- Lead the way in **iOS and Android development** and take our apps to new heights

## if(YourSkills)

- You have a solid background in computer science, whether through education, a degree, or self-study
- You're a pro at **VueJS 3** and have a deep understanding of its capabilities
- You have extensive experience with **TypeScript, iOS, and Android development**

## get(WhatYouExpectFromUS)

- The unique chance to be part of an exciting and innovative project – no matter where in Europe you are
- **100% remote workplace** with regular virtual team meetings
- Room for personal growth, creative expression, and the opportunity to shape the project's direction
- Flat hierarchies and fast decision-making processes
- Flexible working times
- Attractive remuneration and cool benefits

Are you ready to unleash your creativity and take our project to the next level? Let us know who you are and what drives you! Just send an email to **info@fahrerschulcockpit.de** with your CV and a few lines about why you're the right person for our team. You can also send us a short video introducing yourself and telling us about your skills and experiences. We're excited to meet you and achieve great things together!

Remember, we're particularly interested in connecting with talented individuals from Eastern and Southeastern Europe. We understand the unique cultural backgrounds and believe that this diversity will bring valuable perspectives and ideas to our team. So don't hesitate, join us in our quest to revolutionize the software development world!
